Editorial: Early anatomical knowledge of cardiac malformation Maurice Campbell

Pathophysiology of coronary circulation. The Sir Thomas Lewis Lecture of the British Cardiac Society Richard S. Ross

External measurements of implanted pacemaker characteristics. A clinical appraisal. O. Edhag, S. Hofvendahl, I. Karlöf, and L. Mogensen

Transvenous pacemaking—a bedside technique Charles L. Baird

Pathology of idiopathic cardiomegaly in Jamaica Marie Campbell, J. M. Summerell, G. Bras, J. A. Hayes, and K. L. Stuart

Extrinsic factors in the genesis of congenital heart disease M.V. de la Cruz, L. Muñoz-Castellanos, and B. Nadal-Ginard

Congenital physiologically corrected transposition with hypertrophic obstructive cardiomyopathy Michael Honey and Ronald G. Gold

Sustained-release quinidine (Kinidin Durules) in maintaining sinus rhythm after electroversion of atrial dysrhythmias L. Resnekov, D. Gibson, S. Waich, J. Muir, and L. McDonald

Electromechanical correlation of left atrial function after cardioversion D. N. Grover, V. S. Mathur, S. Shrivastava, and S. B. Roy

Epicardial excitation of the atria in a patient with atrial flutter H. J. J. Wellens, M. J. Janse, R. T. van Dam, and D. Durrer

Auscultatory and phonocardiographic characteristics of supraventricular ventricular septal defect Odette Farrú, G. Duffau, and R. Rodríguez

Natural history of ventricular septal defect Maurice Campbell

Normal ranges of modified axial lead system electrocardiogram parameters P. W. Macfarlane, A. R. Lorimer, and T. D. V. Lawrie

3 and 12 lead electrocardiogram interpretation by computer. A comparison on 1093 patients P. W. Macfarlane, A. R. Lorimer, and T. D. V. Lawrie

169	Central venous catheter used for recording intracardiac electrocardiogram F. Urtaler and J. Halter	275
173	Comparison of two established platelet stickiness methods in atherosclerotic patients and normal subjects and a proposed modification E. Besterman, Joan B. Heywood, and Jillian James	277
185	Single-control, accident-proof, manometer tap systems F. Hepburn	283
191	Interventricular septal defect shown by left ventricular cine-angiography J. F. N. Taylor and A. R. Chrispin	285
193	Haemodynamic effects of glucagon during acute myocardial infarction with left ventricular failure in man G. Diamond, J. Forrester, R. Danzig, W. W. Parmley, and H. J. C. Swan	290
203	Echocardiography of the mitral valve in aortic valve disease R. B. Pridie, R. Benham, and C. M. Oakley	296
214	Jugular, hepatic, and praecordial pulsations in constrictive pericarditis A. El-Sherif and G. El-Said	305
220	The Sixth World Congress of Cardiology	313
Case Reports		
226	Primary oxalosis of the heart: a cause of heart block D. J. Coltart and R. E. B. Hudson	315
233	Paroxysmal ventricular tachycardia showing fusion with reciprocal ventricular beats Aart Vermeulen and Hein J. Wellens	320
238	Infected aneurysm of sinus of Valsalva. Report of a case with involvement of all three sinuses B. N. Datta, J. N. Berry, and H. N. Khattri	323
246	Inhibition of demand pacemaker by leakage current from electrocardiographic recorder J. Meibom and J. Damgaard Andersen	326
258
